MEMO FOR: Chief, Contracts Branch, DPD

SUBJECT : Field technicians furnished first under  
NY-A-501 and then continued under A-104,  
Contracts with Thompson Ramo Wooldridge, Inc.

1. Contract NY-A-501, a CPFF contract with Thompson Ramo Wooldridge, Inc., provided for 6 man-months of field technician service at \$1,796.80 per month (Total of \$10,780.80).

2. After using the \$10,780.80 allotted for this service under NY-A-501, the services were to be continued and billed under the fixed price contract, A-104. Per amendment number 4 to A-104, this would be approximately 1 January 1959.

3. Since the invoices under Contract NY-A-501 are not billed in such a manner that we can ascertain which costs (labor, overhead, etc) are applicable to field technicians, and also, since there was a cost overrun on this contract, it is suggested that your office, when requesting an audit on NY-A-501, ask the auditor to specifically check to see that the entire amount allotted for these technicians was utilized for that service only before any such charges were billed under A-104. The billings under A-104 began 27 October 1958.
